Practica

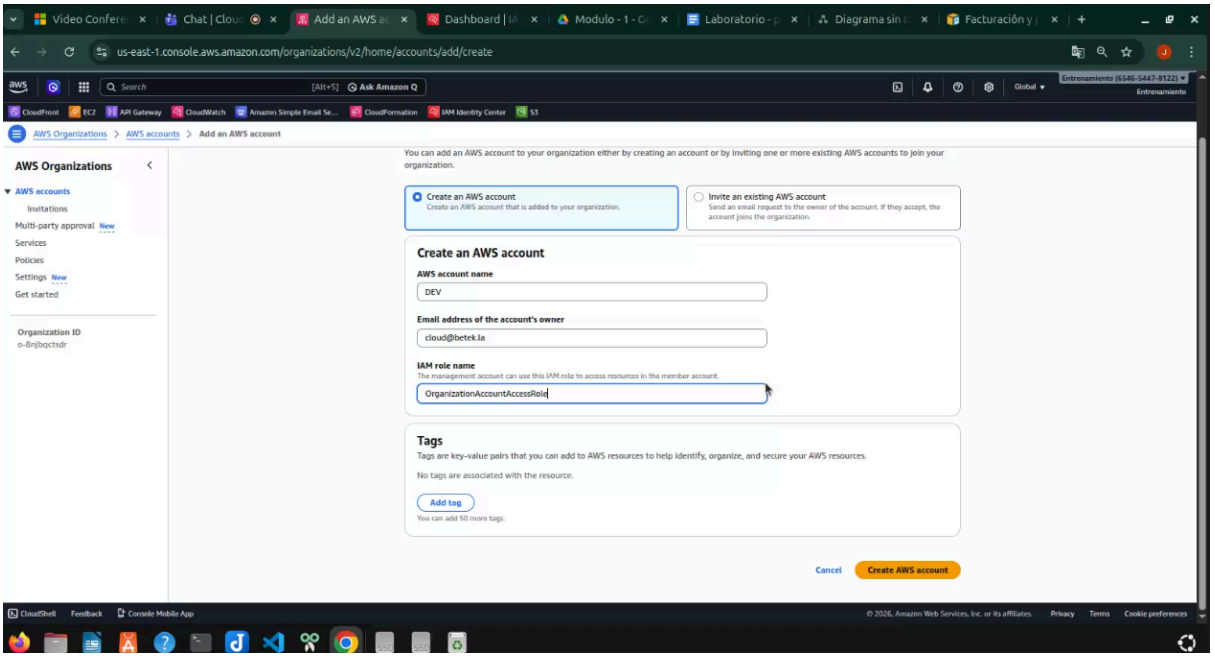
AWS organizations

- Para crear una ou:

AWS organizations → AWS accounts → create organization unit in (se selecciona ya sea root u otro ou existente donde se quiera que se cree este ou)

- Para crear o añadir una cuenta existente a mi organization

AWS organizations → AWS accounts → actions → add account (se selecciona create account o invite existing account)

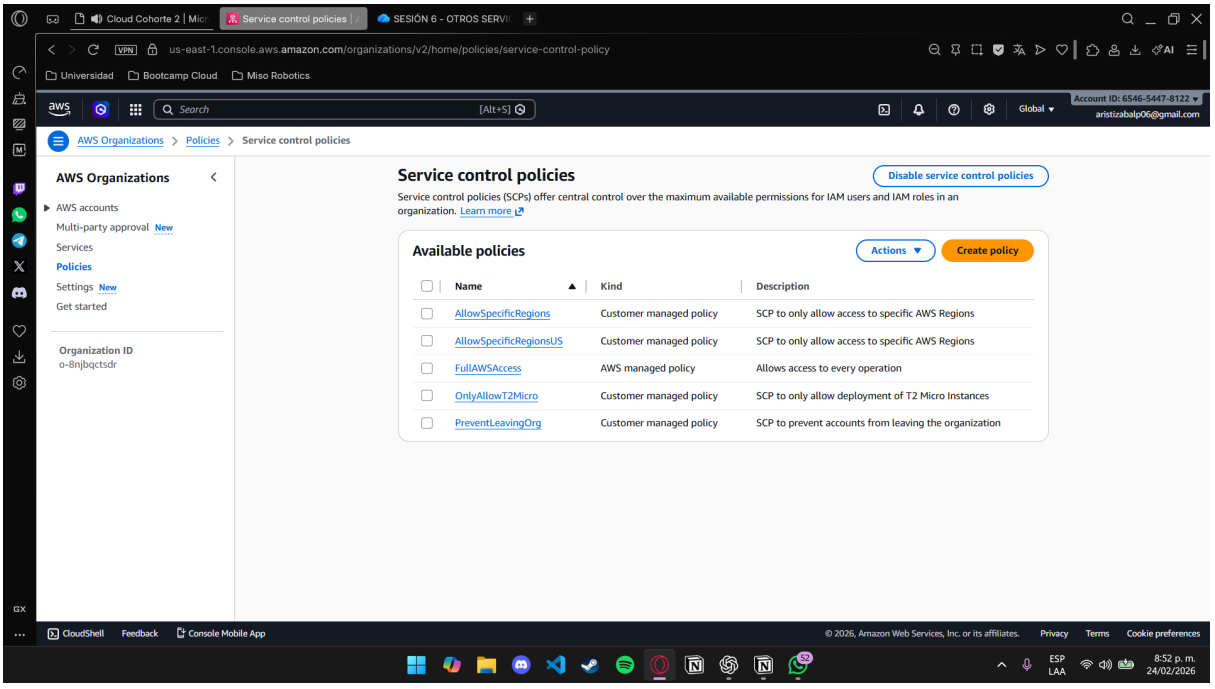


- Todas las cuentas nuevas son cuentas root pero solo de ellas mismas

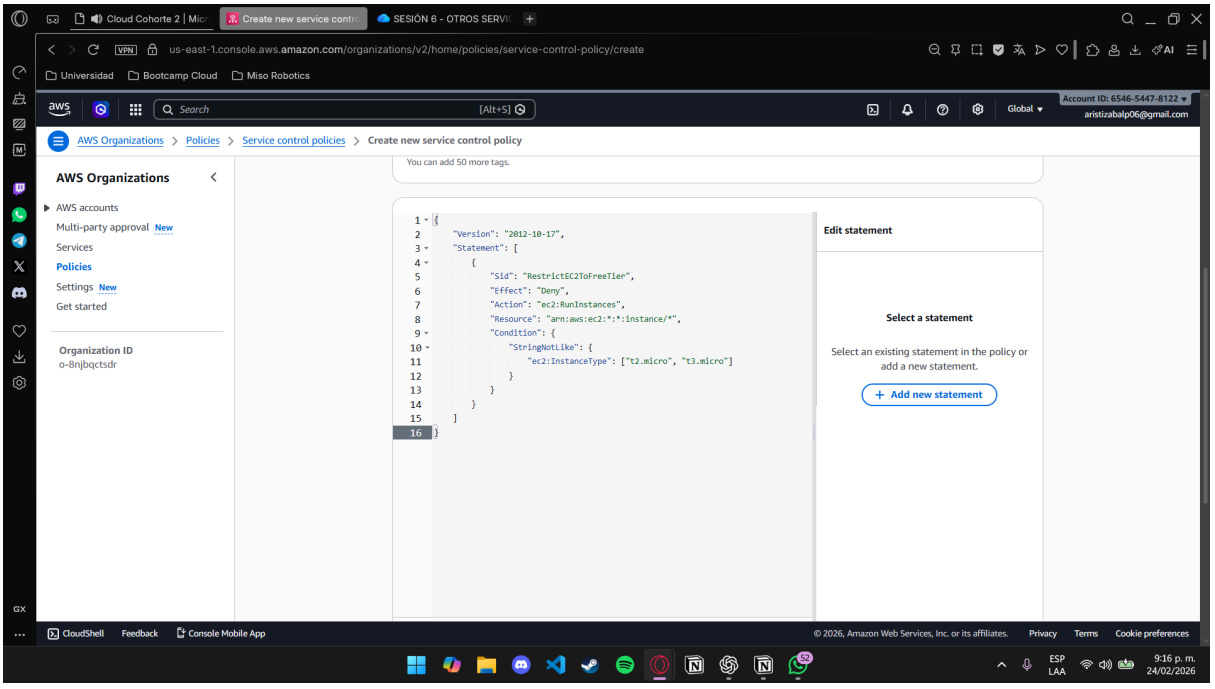
Crear SCP (service control policies)

- Aunque IAM le de permisos a un usuario, si la SCP lo prohibe, entonces esos permisos no funcionaran. (SCP >>> IAM)
- Las SCP solo se aplican a las cuentas miembro, no funciona para las cuentas master

AWS organizatons → policies → service control policies → create new service control policy



Se añade el codigo con politicas y se da en crear



Luego vamos a Targets → attach (seleccionamos el ou o cuenta)

AWS Organization
Organizational units (OUs) enable you to group several accounts together and administer them as a single unit instead of one at a time.
Search by name, email, account ID or OU ID.
